

Corporate Social Responsibility Policy

Asian Concretes & Cements Pvt. Ltd., aims to be the most respected company in the region by delivering a sustainable value to all its stake holders. Our Corporate Social Responsibility initiative focusses on social, environmental and economic value to the society.

The above is achieved by:

1. Develop, implement and monitor community development plan with active interactions with active interactions with all stakeholders.
2. Work actively in areas of preventive health, education, skills for employability and water conservation.
3. Collaborate with like-minded bodies like Government, Voluntary Organisations and academic institutions
4. Interact regularly with all stake holders, review and publicly report our Corporate Social Responsibility initiatives.
